

**PLUS**

## **STAPLER**

palm sized with power-assist function

ST-010A

innovation + style

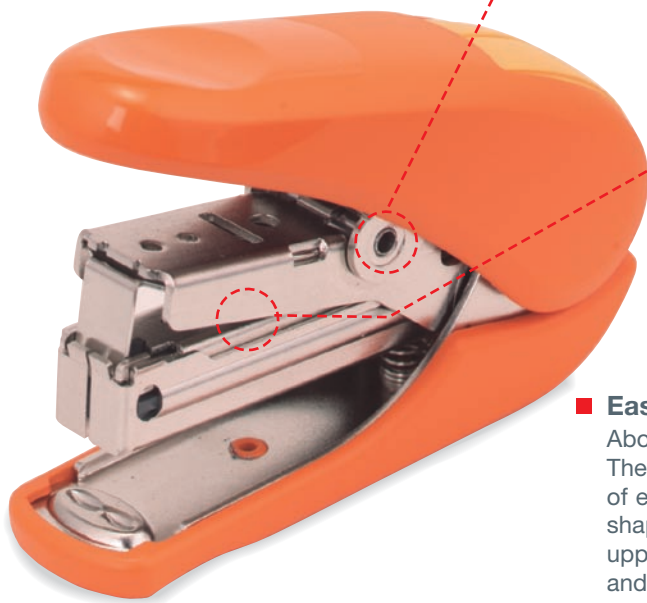

# PLUS STAPLER

Compact size. Increased stapling power.

## Stapler ST-101S Power-Assisted

ORANGE and WHITE and BLUE

### ■ Power assist link mechanism

Using the principle of the fulcrum, we have increased the stapling power by 50% (compared to our standard products) so you can quickly, easily and comfortably use the stapler for many hours.

### ■ Simplified top loading refills

One-touch staple loading lets you just open the handle and put in the staples. Even with its small size, the ST-010A holds 100 staples and our staple-saving feature makes sure that the first staple isn't wasted.

### ■ Easy-to-carry size

About the size of a business card. The stapler fits easily into the palm of even a small hand. The rounded shape is comfortable and a dimpled upper cover allows for a strong grip and optimal stapling power.

### ■ Ideal for children

The small size combined with the light pressure needed to operate, make this a great stapler for children.
